MATH JOURNAL

SPIRAL REVIEW – MORNING WORK - MATH CENTER

2   $8 + 5 = 13$

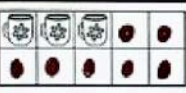

3   $5 + 4 = 9$

4   $5 + 5 = 10$

Today is: December 2, 2019

TEN HOT CHOCOL

Draw the number of dots needed to make ten in the ten frame to complete the equation.

 $3 + 7 = 10$	 $9 + 1 = 10$	 $1 + 9 = 10$
 $6 + 4 = 10$	 $4 + 6 = 10$	 $10 + 0 = 10$

'S ADD TEN

Solve the equations below.

$10 + 10 = 20$	$40 + 10 = 50$
$20 + 10 = 30$	$70 + 10 = 80$
$80 + 10 = 90$	$30 + 10 = 40$
$90 + 10 = 100$	$50 + 10 = 60$
$50 + 10 = 60$	$90 + 10 = 100$

CONCEPTS COVERED:

- ✓ Counting
- ✓ Counting on from a number other than 1
 - ✓ Practice writing numbers 1-20
 - ✓ Addition to 20
 - ✓ Subtraction within 20
 - ✓ Missing Addends of 10
 - ✓ Missing Addends of 20 (with twenty frames)
- ✓ Properties of Operations (ex. if $8+2=10$, then $2+8=10$)
 - ✓ Addition Word Problems
 - ✓ Subtraction Word Problems
 - ✓ Subtraction with picture support
 - ✓ Counting on with picture support
 - ✓ Time to the hour and half hour
 - ✓ Comparing length
 - ✓ 2-D Shapes
 - ✓ Comparing numbers
 - ✓ Graphing
 - ✓ Fractions

Today is:

FILL IN NUMBERS

Fill in the missing numbers below.

	3		8	
11				
				40
51				
				79
		95		
103				
			116	

Today is:

HANGING OUT WITH MATH

Read the story. Then, fill in the possible combinations.

We have 2 wreaths and 10 ornaments total to put on them. What different combinations could we make?

				___ + ___ = 10
				___ + ___ = 10
				___ + ___ = 10
				___ + ___ = 10

Today is:

LET'S ADD TEN

Solve the equations below.

$30+10=$	$10+10=$	$40+10=$
$50+10=$	$20+10=$	$70+10=$
$40+10=$	$80+10=$	$30+10=$
$10+10=$	$90+10=$	$50+10=$
$60+10=$	$50+10=$	$90+10=$
$70+10=$	$40+10=$	$60+10=$
$50+10=$	$10+10=$	$20+10=$
$60+10=$	$90+10=$	$70+10=$

Today is:

MY LITTLE MITTENS

Read the story problem. Use the space provided to help you solve.

There were 14 mittens. 10 mittens were red and the rest were green. How many mittens were green?

PROVE IT!

SOLVE IT!

Today is:

WHAT'S GREAT?

In each wreath, write the correct symbol to show either greater than, less than, or equal to.

Today is:

TRIANGLE HUNT

Trace it.  Draw it.

Today is:

SNOWBALLING FOR NUMBERS

Fill in the missing numbers.

 _____ 12 _____ 15 16 _____ 19

Today is:

WHAT'S GREATER?

In each box, draw tens and ones. Below, explain how you know which one is greater.

42 PAGES INCLUDED

Today is:

WHAT'S GREAT?

In each wreath, write the correct symbol to show either greater than, less than, or equal to.

Today is:

STOP

 

Today is:

SNOWBALLING FOR NUMBERS

Fill in the missing numbers.

 _____ 100 _____ 102 _____ 104

 _____ 90 _____ 94 _____ 98

Today is:

WHAT'S GREATER?

In each box, draw tens and ones. Below, explain how you know which one is greater.

Today is:

SNOW MUCH TIME

Read the clock face. Write the time below.

		
_____	_____	_____
		
_____	_____	_____

Today is:

GINGERBREAD TENS

Count the tens. Write the number in the gingerbread house.

Today is:

BUNDLE UP LENGTH

Color the longest object in each box.

1 	2 
	
3 	4 
	

Today is:

WARM UP WITH GRAPHS

Count the objects below. Fill in the graph.

Favorite Holiday Treats

Gingerbread House	
Gingerbread Man	
Gingerbread Girl	

- How many people like the gingerbread girl the most? _____
- Which holiday treat is liked the most? _____
- Which holiday treat is liked the least? _____
- How many more people like gingerbread houses than gingerbread men? _____
- How many fewer people like the gingerbread man than the gingerbread girl? _____
- Ask a question about the graph: _____

Today is: December 12, 2019

LET'S COMPARE

In each box, count how many items and then write the number in the circle. Color the box with the correct color.

1. 4 5

2. 8 5

3. 5 4

4. 6 3

Today is: December 2, 2019

TEN HOT CHOCOLATE

Draw the number of dots needed to make ten in each box and complete the equation.

$9 + 1 = 10$

$6 + 4 = 10$

$2 + 8 = 10$

$4 + 6 = 10$

$5 + 5 = 10$

Today is: December 10, 2019

BRIGHT NUMBER BONDS

Look at the number bond. Fill in the missing numbers.

HOW MUCH MATH

Use the numbers in the snowman to make an equation. Use the space to solve.

1. $3 + 3 + 3 + 9 = 18$

2. $5 + 8 + 2 = 15$

3. $2 + 5 + 2 + 9 = 18$

4. $9 + 1 + 5 = 15$

5. $5 + 4 + 4 + 13 = 26$

6. $4 + 15 = 19$
