To take it a step further, each month has a page (2 different options- holiday or not) to write about their goal further, steps they need to take, and whether or not they met the goal.

Each calendar has a spot for students to write what they are working on.

PERFECT FOR

data notebooks

These are a great addition to your data notebooks, especially for goal setting and goal tracking. It takes very little time in the day. I used to have students pull out their binder to color in their day as we were packing up for the day.

This month, I am
raising my hand

HELLO TO MY JANUARY GOALS

In January, my goal is to:
raise my hand.

The steps I will take
to meet my goal:
Every time I want
to talk, I will put
a bubble in my mouth
and raise my hand.

I met / didn't meet
my goal:
I didn't talk out
on the carpet
and always raised
my hand.
