Name: _____

Math To BARK ABOUT

Roll a die. If you land on the ten frame with the same number as your die, color it green. If it's a different number, color it red.

Name: _____

AHOY FOR TEN FRAMES

Roll a die. Find that number on the ten frame. Then color in the part.

Name: _____

Let's Go Around WITH MATH

Roll a die. Find the number you landed on on the table. Color in a square above it. Whichever number reaches the hole first wins!

Name: _____

SUNSHINE AND CANDIES

Spin a number. Write the number underneath the jar. Draw that many candies in the jar.

Name: _____

Bee-lieve in MATH

Roll a die. Move that many spaces. Then, fill in the missing number. If you land on a bee, you've STUNG and went back to the start!

Name: _____

PEPPERONI MATH

Spin the spinner. Find the number on a pepperoni. Color it. Don't cut and glue it to your board.

LET'S GO. DOMINO!

Roll a die. If you land on a number that's the same as on your die, then color it green. If not, color it red.

Name: _____

PIGGY PARTNERS

Roll a die. Fill in the ten frame below with the number you rolled. If you roll a 20 before you fill in your ten frame, that's cool!

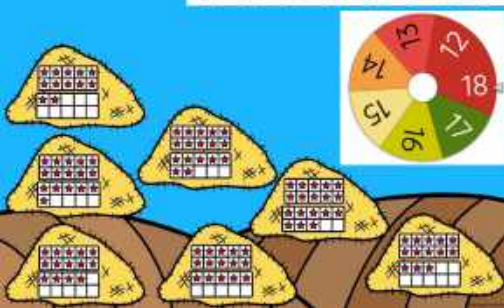

Name: _____

Hay! Spin a NUMBER

18 Games Included PRINT AND DIGITAL

HAY! SPIN A NUMBER!

Spin the spinner. Find the number on a cow and place it on the matching number on the hay.

MATH TO BARK ABOUT

Roll a die. If you land on the top face with the same number as your die roll the dog that says BARK on the die. If it's a different number put the dog that says BARK on the die.

SUNSHINE AND CANDIES

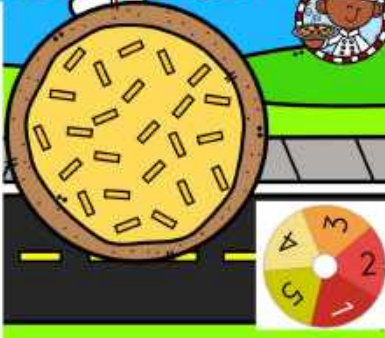

RAINBOW DOMINO

Roll the die twice. Make your game pieces that many faces. If you land on a number that's the same on one side then you get a star on the other. If the total of the same side is what you want.

PEPPERONI MATH

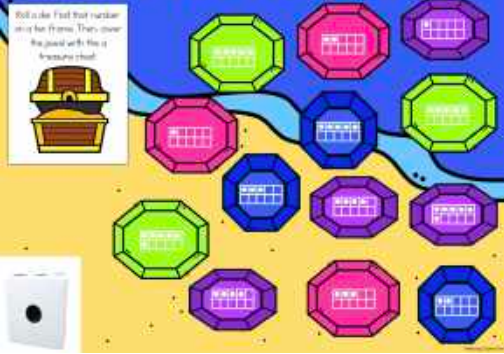

BUG BINGO

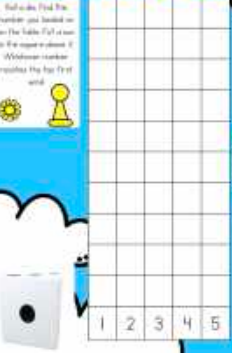

AHOY FOR TEN FRAMES

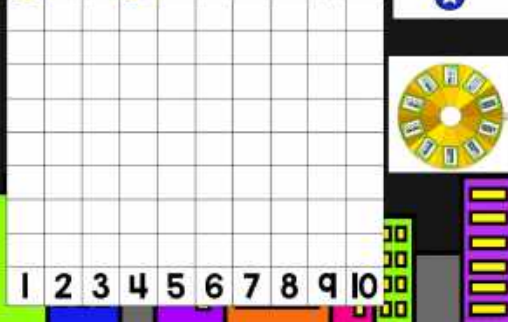

Roll a die. Find that number on the treasure chest. Then cover the chest with the matching number of treasure chest.

Let's Fly Around The Sky

SHUFFLING FOR TEN FRAMES!

Games include spinners, dice, and moveable pieces

Why Use Independent Math Games?

- During social distancing, independent math games gives them a good way to play a math game... Even if it's alone.
 - Great math center!
 - Good for early finishers
 - A good activity for students to do when they are finished with math work
- Great practice to continue building math skills
 - They're fun!
