READ TO YOUR CLASS

before the first day of school!

Build relationships and community with your new students by reading to them before the first day of school! Record yourself reading a back to school book and then create a QR code for your tag. You can see the directions on how to do this in this blog post. These tags are great to pass out at Back To School Night or attach to your letters if you send one out during the summer! Your students will love hearing a bedtime story from their new teacher.

You can attach them to your back to school forms at Back To School Night!
